

Alpha Masterclass

with Ger Jones

Lead Pastor | Vintage Church, Los Angeles

WHAT IF ALPHA IN YOUR CHURCH LED 100+ PEOPLE TO MEET JESUS EVERY YEAR?

We believe Australia is ready for a fresh move of God through Alpha.

We're inviting senior church leaders and their teams to catalytic gatherings in Brisbane and Perth - designed to reimagine Alpha for our cultural moment and reignite its evangelistic potential in every local church.

*What if Alpha in **your church** led 100+ people to meet Jesus every year?*

*What if "Alpha didn't work for us" became "**Alpha changed everything**"?*

*What if this gathering **sparked a nationwide renewal of evangelism** in Australia?*

Together, we'll receive expert teaching from Ger Jones, experience an Alpha Launch Party (*Brisbane only*), and connect with other pioneering leaders from across the nation. You'll leave equipped and inspired to run Alpha in a way that could see hundreds come to faith in your community.

You'll Experience:

- Visionary teaching on this cultural moment and what's next for evangelism
- Practical insights on how to run Alpha with fresh effectiveness
- An immersive Alpha Launch Party experience (*Brisbane only*)
- Deep connection and collaboration with leaders across Australia

About Ger Jones

Ger is recognised as one of the world's most effective Alpha practitioners. At Vintage Church in Los Angeles, his team regularly sees 500-600 people on Alpha each season. But it didn't start that way - early attempts failed. Ger and his team went back to the drawing board, reimagining Alpha for a post-Christian city. The result has been a thriving, Spirit-led movement of evangelism.

At this event, Ger will unpack what they discovered - how Alpha can flourish again when it's contextualised, prayerful, and courageous.
